

Creo 2.0 - Academic Edition – Re-Licensing Guide

1. Temporarily disable all firewall, anti-virus and anti-spyware applications.
2. Start the Creo 2.0 reconfigure utility:
 - Using Windows Explorer, browse to **C:\Program Files\PTC\Creo 2.0\###\bin**
*### represents the specific product you are licensing, such as **Parametric**, **Direct** and so on.*
 - Run **reconfigure.exe**
 - When installing on Windows 7, right-click **reconfigure.exe** and select  **Run as administrator** from the pop-up menu.

3. From the PTC Installation Assistant dialog box:
 - Select **Reconfigure existing software** and click **Next**.
 - **Accept** the license agreement and click **Next**.
 - In the Simple License Entry product code field, enter the product code that was emailed to you and then click **Install Licensing**.
The product code is a 24 character code that starts with BH390
 - Enter your PTC username (your email address) and password.
 - Click **Login**.
 - When you see the “**Success!**” message, click **Next**.
 - After the reconfigure is complete, click **Finish**.

Using the same product code, you must reconfigure each product, such as Parametric, Direct and so on that you will be using.

You are now ready to use Creo 2.0 - Academic Edition

We recommend that you now use Creo Standards to select your default unit system and drawing standard apps.ptc.com/schools/creo_standards_2.pdf.
